and joint replacement*

We can help in many ways.

With the experience of our staff, plus access to Onslow Memorial Hospital, we're well prepared to help the active people of Jacksonville. If you're experiencing pain from a new or old injury, just call. We can help.

- Spine (Back and Neck)
- Fractures, Sprains, Strains
- Trauma
- Occupational Injuries
- Sports Injuries
- Pediatric Orthopaedics
- Arthritis
- General Orthopaedics

In addition to the services at left, we offer:

- Digital Diagnostic Imaging
- Durable Medical Equipment
- Workers' Compensation Services

EC Ortho's free Saturday screenings help local student athletes stay healthy.

During the school year, Eastern Carolina Orthopaedic Clinic offers Saturday-morning sports-injury screenings for school-aged athletes. This free service is designed to help athletes and

their parents determine whether an injury requires medical intervention. The clinic is offered when school is in session, each Saturday from noon to 2 p.m.

For more information, go to EC-Ortho.org and click on the Saturday Screenings button to hear a radio interview about the program, or call us at 910-353-2319.

Your best option for orthopaedic care is right here in Jacksonville.

Get top orthopaedic care at Jacksonville's own EC Ortho. Here, you'll receive personal attention and excellent care from our Board Certified physicians – we have two. Thanks to our relationship with Onslow Memorial Hospital, you'll also enjoy the privileges and resources of our area's top medical center. Another important thing that sets EC Ortho apart is our local familiarity and focus. We understand and are respectful of our military families' needs, we accept TriCare, and we're efficient, typically seeing you within 24 hours. So when you need care, don't even give driving out of town a thought. Come see us at EC Ortho.
