Our Mission

The mission of Onslow Memorial Hospital is to provide excellent patient health services in a family-centered environment.

Our Culture

At Onslow Memorial Hospital, the clinical staff, non-clinical staff, healthcare providers and volunteers partner together with patients and their families to support the patient experience. We thrive on a shared passion to sense the needs of others through a patient- and family-centered care philosophy. We are driven by a set of core values to serve our community through human touch.

In our daily work, we support the following patient- and family-centered care principles: dignity and respect, collaboration, participation, and information sharing. As a partner with the Institute for Patient- and Family-Centered Care since 2009, we have seen our culture flourish by collaborating with the patient and family, seeing them as essential members of the healthcare team.
