

2016-2017 YEAR AT A GLANCE

As one of the region's premier healthcare providers, Onslow Memorial Hospital offers the most comprehensive care delivery system in our area. Onslow Memorial is a 162-bed, not-for-profit hospital that's been serving the healthcare needs of Onslow County and the surrounding communities of coastal North Carolina since 1945.

This year alone, Onslow Memorial Hospital was awarded several recognitions, including the American College of Radiology Accreditation for CT Units. We also received Advanced Certification by The Joint Commission for our Primary Stroke Center and earned an 'A' Grade in Leapfrog Safety for the fifth consecutive publication. But we recognize the success of our 2016/2017-year would not have been possible without the constant support of the community.

It has been an honor and pleasure to serve Jacksonville and the surrounding areas over the past year, and we look forward to continuing to do so in the years ahead.

*Onslow Memorial Hospital is a not-for-profit, tax-exempt organization. We are recognized as a charitable organization under section 501(c)(3) of the Internal Revenue Code, which exempts us from federal income tax and allows us to receive tax-deductible charitable contributions.
